

South Alabama Regional Planning Commission

Samuel L. Jones, Chairman • David E. Bishop, Vice-Chairman
William J. Lovett, Secretary • Larry W. White, Treasurer • Russell J. Wimberly, Executive Director

Welcome to the Area Agency on Aging of the South Alabama Regional Planning Commission!

We are part of the national aging network that includes the U.S. Administration on Aging, the Alabama Department of Senior Services in Montgomery, and 629 Area Agencies on Aging nationwide, with 13 serving Alabama. While most of our services are for persons age 60 and older, we also provide certain services for persons of all ages with disabilities. We serve Mobile, Baldwin and Escambia Counties, with a population of 116,875 of older adults, the second largest regional population of persons age 60 and over in Alabama.

For more than 35 years the South Alabama Regional Planning Commission's Area Agency on Aging has provided home and community based services to thousands of older persons funded under the Older Americans Act. Our mission is to promote the dignity and independence of older persons through advocacy and by overseeing the development of a comprehensive and coordinated system of care that is responsive to the needs and preferences of older people and their family caregivers.

Please explore our website to find the services we offer and our directory which provides contact information for many community resources in Southwest Alabama. We are just a call or click away if we can be of assistance.

Sincerely,

Julie McGee, Director
Area Agency on Aging
South Alabama Regional Planning Commission
