

FREE UNBIASED COUNSELING!

Medicare’s Open Enrollment period gives people with Medicare the opportunity to make changes to their health plan or prescription drug plan, pick a Medicare Advantage plan, or return to Original Medicare (also referred to as Medicare Part A and Part B). Medicare plans can change their offerings and costs every year, and individuals’ health needs can change from year-to-year, too. Now is the time for people with Medicare to review their coverage options and make a choice that best meets their health care needs. Services are available for Mobile, Baldwin and Escambia Counties!!!!

Your local Area Agency on Aging’s State Health Insurance Assistance Program (SHIP) will be available to help you:

- Read the Annual Notice of Changes mailed to you by your health plan.
- Check the plan formulary—the list of covered prescription drugs—to make sure yours are covered.
- Have a Medicare Advantage plan? Check to see that your providers are still in the plan’s network and if there are any changes in co-pays.
- Look for plans that best meet your changing health, life, and financial needs. Protect against Medicare fraud.
